Token Lock Up Schedule

Lock-Up	Tokens are fully locked until the end of the Lock-Up period
Lock-Up Commencement	Upon the Token Generation Date (10.01.2022)
Vesting	After the Lock-Up term, Tokens vest linearly on a per-block basis over the span of the applicable Vesting Term
Claim	Tokens have to be claimed from the distribution smart-contract

Burn Mechanism

WeWay has introduced a comprehensive Burn Mechanism outlined as follows:

1. **Initial Burn:** 30% of the total supply has been manually burned.
2. **Early Withdrawal Penalty:** For users who withdraw their staked funds before the stipulated deadline, a 30% penalty is applied. This penalty is then automatically burned.
3. **Future Initiatives:** Additional burn mechanisms will be announced in due course.
